Upgrade to innovative technology and start saving

Technology moves fast, and EV charging stations are no exception. Are you interested in swapping out older technology for newer technology? ChargePoint is offering a CT4000 Upgrade Bundle. This bundle includes site validation, the station itself, 18-foot charging cords, a commercial cloud plan, installation, activation, and one year of Assure warranty per station.

CT4000 Upgrade Bundle = **\$3000 net cost**, some restrictions apply*

*This promotional offer will not apply to all orders. Purchase orders will only be accepted based on (1) limited time, starts 3/1/2018 and end TBD by Horizon Solutions, (2) required language on your PO regarding not reselling stations, (3) the user must completely destroy and dispose of competitive stations, and (4) no additional discounts or credits may be applied. Contact your Horizon Solutions representative for more details.
